The limited flavouring substances mentioned in the Regulation are not used.

Statements regarding composition, substances with a stipulated maximum level, and restrictions on use are based on the information provided to us by our suppliers. Therefore, we assume no liability for this information with regard to use of this information or use of the product by the customer. Rather, the customer is responsible for verifying the individual statements independently, if necessary, by carrying out analyses of its own, and ensuring the marketability of the product including legally compliant labeling and compliance with restrictions on use and stipulated maximum levels.

In this respect, we expressly state that our products frequently contain essential oils. The levels of substances contained are subject to fluctuation as usual in natural products, and values for individual deliveries may deviate from the calculated values stated above. If you notice a discrepancy, please notify us.
