

# SAFETY DATA SHEET

(according to the (EC) regulation n° 1272/2008)

Page 1/3

Version du :  
2013/10/1

Product : 6401203

CAPPUCCINO flavouring  
X230, E150a

## 1) IDENTIFICATION OF THE PRODUCT AND OF THE COMPANY

### 1-1) PRODUCT IDENTIFICATION

Product name : CAPPUCCINO flavouring X230, E150a

Computer code : 6401203

### 1-2) PRODUCT APPLICATION

Product made for flavouring food products (professional use only). For more information, see product specification.

### 1-3) COMPANY IDENTIFICATION

Company name : RENE LAURENT SAS

Address : 107 avenue Franklin Roosevelt CS40016 06117 LE CANNET CEDEX – FRANCE

Phone number : 00 33 (0)4 93 69 27 27

### 1-4) INFORMATION OF URGENCY

Information in the event of urgency : poison center of your department

Emergency call number : ORFILA + 33 (0) 1 45 42 59 59

## 2) HAZARD IDENTIFICATION

### 2-1) Classification of the substance or mixture :

**Product definition : mixture**

Classification according to 1999/45/EC (DPD) : **not classified**

Classification according to (EC) 1272/2008 (CLP/GHS) : **not classified**

### 2-2) Label elements :

According to 1999/45/EC (DPD) : /

According to (EC) 1272/2008 (CLP/GHS) : /

#### - Hazards statements :

According to 1999/45/EC (DPD) : /

According to (EC) 1272/2008 (CLP/GHS) : /

#### - Precautionary statements :

According to 1999/45/CE (DPD) : /

According to (EC) 1272/2008 (CLP/GHS) : /

### 2-3) Others hazards :

According to 1999/45/EC (DPD) : /

According to (EC) 1272/2008 (CLP/GHS) : /

Page 2/3

Version du :  
2013/10/1

Product : 6401203

CAPPUCCINO flavouring  
X230, E150a

## 3) COMPOSITION – COMPOUND INFORMATION

- This product is a mixture

Relevant compounds	Identifiant	%	Classification	
			N° 67/548/EEC Directive (DSD)	Regulation (EC) n°1272/2008 (CLP)
/	/	/	/	/

## 4) FIRST AID MEASURES

Eyes and skin contact : wash with water, change tainted clothes. Ask for medical help if necessary

Ingestion : call a physician, do not induce vomiting

Inhalation exposure : remove fresh air

*As a general rules, in case of doubt or if indisposition persists, call a physician.*

## 5) FIREFIGHTING MEASURES

Extinguishing mean recommended : foam, CO<sup>2</sup>, dry chemicals

Extinguishing mean not be used for safety reason : water

Specific measures : avoid inhalation of vapours. If necessary, cool closed container with water to lower the pressure.

## 6) ACCIDENTAL RELEASE MEASURES

Limit product dispersion, remove from all ignition sources. Burn all the materials used to wipe the product away (spontaneous combustion danger). Clean important overflows with neutral absorbent materials which must be swept away and destroyed in accordance with environmental laws.

## 7) STORAGE AND HANDLING

Storage : in tightly original closed containers. Avoid high temperature variations, do not reuse empty containers.

Handling : do not swallow, avoid contact with skin and eyes, do not smoke, do not warm directly by the flame or any other source of ignition. To manipulate in well ventilated areas. During incorporation, the product must be maintained at relatively low temperature. If higher temperature is requested, heat moderately and briefly. Avoid inhalation of vapours.

## 8) EXPOSURE CONTROLS / PERSONAL PROTECTION

Breathing protection : generally unnecessary in a well ventilated area (for product in powder form, a mask is recommended)

Eyes protection : wear safety glasses

Hands protection : wear rubber gloves

Skin protection : wear specific clothes

## 9) PHYSICAL AND CHEMICAL PROPERTIES

Appearance : cloudy liquid

Colour : brown

Specific gravity : 1,045 +/- 0,010

Water solubility : yes

Ethanol proof : /

Flash point (°C) : /

Boiling point : /

## 10) STABILITY AND REACTIVITY

Food flavourings are stable all along their shelf life (see technical data sheet). Avoid heat and ignition sources in the respect of the conditions of handling and storage mentioned as in point 7.

## 11) TOXICOLOGICAL INFORMATION

Classification made by calculation from the components

## 12) ECOLOGICAL INFORMATION

No ecological data of the substance itself is available. Avoid any voluntary rejection of the ecosystem and to announce any accidental rejection. Refer to the paragraph concerning regulatory information.

## 13) DISPOSAL CONSIDERATIONS

Do not dispose wastes in natural environment (air, water, earth). Incinerate wastes.  
Dispose packing wastes in accordance with environmental laws.

## 14) TRANSPORT INFORMATION

Rail (RID), Truck (ADR), Sea (IMDG), Air (OACI) : /

## 15) REGULATORY INFORMATION

This safety data sheet is in conformity with the regulation (EC) n° 1907/2006 and (EC) n° 1272/2008

## 16) OTHERS INFORMATION (see product specification)
