---

This document lists the fragrance allergens according to Commission Regulation (EU) 2023/1545 of 26 July 2023, amending Regulation (EC) No 1223/2009, as regards labelling of fragrance allergens in cosmetic products.

This information is generated by calculation and is given to the best of our knowledge, based upon the product formula and the information on its ingredients received from our suppliers and therefore may be subject to change.

Variations over time in the above concentrations may be attributed to inevitable variability of natural ingredients, maceration, storage processes or other chemical interactions.

The above concentrations do not replace chromatographic quantification. Allergen ingredients could still arise in traces in added synthetics or natural ingredients.

Electronically generated document. No signature required
